AUSTRALIA

Common discounts explained

Membership and Technical Society

Members of Engineers Australia (excluding free students) who join one or more Technical Societies are entitled to a single discount of \$16.50 (includes GST) off their Engineers Australia membership fee*.

If you are a member of one or more Technical Societies, the discount of \$16.50 has been applied to your membership renewal fee for 2023-24[^].

** The \$16.50 discount is applied to a Member's standard membership renewal fee. For example, a Chartered member at the grade of Engineering Associate would normally pay \$304.00, however with the discount applied would only be required to pay \$287.50. Discounts are automatically applied to Member's 2023-2024 renewals fees.*

[^] The discount is not applicable for Asset Management Council (AMCouncil) and Royal Aeronautical Society Australian Division (RaeS). For further information regarding these two Technical Societies, please contact them directly.

Concession and Technical Society

There is a concession rate of \$200.00 (includes GST) available to an Engineers Australia member who is in the Fellow, Member or Graduate (completed before 30 June 2020) and any occupational category who:

- is over 55, has been a financial member continuously for five years, and has retired from paid, full-time work; or
- is unable to work by reason of unemployment, disability, ill health, pregnancy, parental obligation, participation in full-time postgraduate study directly related to their engineering competencies, temporary severe financial difficulty or other sufficient cause.

There is a concession rate of \$135.00 (includes GST) available to an Engineers Australia member who is in the Graduate 1-3 Year grade and any occupational category who:

- is unable to work by reason of unemployment, disability, ill health, pregnancy, parental obligation, participation in full-time postgraduate study directly related to their engineering competencies, temporary severe financial difficulty or other sufficient cause.

If you are a member of one or more Technical Societies, the discount of \$16.50 has been applied to the relevant concession rate.

IPWEA Member

Members of Engineers Australia (excluding free students) who are also a member of the Institute of Public Works Engineering Australasia (IPWEA) are entitled to a single discount of \$16.50 (includes GST) off their Engineers Australia membership fee*.

If you are a member of IPWEA, the discount of \$16.50 has been applied to your membership renewal fee for 2023-24.

** The \$16.50 discount is applied to a Member's standard membership renewal fee. For example, a Chartered member at the grade of Engineering Associate would normally pay \$304.00, however with the discount applied would only be required to pay \$287.50. Discounts are automatically applied to Member's 2023-24 renewals fees.*

Conditions

Each Engineers Australia member is entitled to receive one discount only (Technical Society or IPWEA membership), calculated as the highest-value discount for which the member is eligible.

The Technical Society discount does not apply when the Technical Society membership fee is less than the discount amount.
